

CES ACCESS CENTERS
(VI-SPDAT Assessment Site)
Regional Area 1: Antelope Valley

(Includes: Acton, Agua Dulce, Gorman, Lake Hughes, Lake Los Angeles, Lancaster, Little Rock, Palmdale, Quartz Hills)

Coordinate Entry System (CES) brings together existing programs into one system connecting chronically homeless and single adults to the best resources that meet their needs.

The **VI-SPDAT** is a pre-screening tool that is designed to be used by all providers with in a community to quickly assess the health and social needs of homeless persons and match them with the most appropriate support and housing interventions that are available. A **CES Access Center** is a place where they have an entry door to the CES system, meaning that you can take the VI-SPDAT assessment there to get pre-screened for CES services.
