

# REENTRY HOUSING

We help our women to succeed. We are dedicated to the rehabilitation of women marginalized by addiction, trauma, criminality, incarceration, poverty, racism, sexism, homelessness, and violence.

- Women must stand by the sobriety first model.
- We help our Women to obtain their California Identification Card and Social Security Card.
- We help our Women apply for Government Public Assistance and Medi-Cal benefits.
- We encourage our women to obtain a sponsor and participate in 12-step meetings.
- We ask our women their goals so we can help them achieve them.
- We help our Women write their resume and prepare them for job interviews.
- We collaborate with local employment centers on behalf of our women.
- We assist our Women with enrolling in school.
- Women can stay at Turning Point until they are ready for independent living.
- We assist our Women in searching for permanent housing.
- Women are responsible for maintaining the house to teach them responsibility and value.
