About the Winter Shelter Program: Winter shelters provide shelter, warmth, food, and comfort to homeless individuals during the cold and wet weather season. In addition to temporary emergency shelter, each program location provides access to supportive services and housing assistance. The Los Angeles Homeless Services Authority coordinates the Winter Shelter Program in partnership with the California National Guard, the county of Los Angeles, and the city of Los Angeles.

LAHSA is a joint powers authority of the city and county of Los Angeles, created in 1993 to address the problem of homelessness in Los Angeles County. LAHSA is the lead agency in the HUD-funded Los Angeles Continuum of Care, and coordinates and manages over \$400 million annually in federal, state, county, and city funds for programs providing shelter, housing, and services to people experiencing homelessness.
