Coordinate Entry System (CES) brings together existing programs into one system connecting chronically homeless and single adults to the best resources that meet their needs.

The **VI-SPDAT** is a pre-screening tool that is designed to be used by all providers within a community to quickly assess the health and social needs

of homeless persons and match them with the most appropriate support and housing interventions that are available.

A **CES Access Center** is a place where they have an entry door to the CES system, meaning that you can take the VI-SPDAT assessment there to get pre-screened for CES services.
