APLA
Health

We Believe in Health Care for Everyone

Every person should be able to get excellent medical, dental, and behavioral health care. That's why our services are free or low-cost and our board-certified medical providers do everything from regular checkups to helping you keep track of ongoing health issues.

We serve everyone in the community and we also specialize in the health needs of LGBT individuals. We do not discriminate based on race, ethnicity, physical disabilities, sex, sexual orientation, gender identity, HIV status, religion, age, or ability to pay.

We Work Together

We believe staying healthy is a team effort. It's not simply about us telling you what to do or what medicines to take. It's about talking, asking questions, sharing information, and making sure your mind and body both feel well. We want you to live a long and healthy life.

We've Got You Covered

Our services include:

- ▶ Primary medical care, including physicals, cancer screenings, and more
- ▶ Dental care, including X-rays, checkups, fillings, and more
- ▶ Behavioral health services, including mental health and substance abuse counseling
- ▶ HIV testing
- ▶ PrEP counseling & management
- ▶ STD screening & treatment
- ▶ Health education and HIV prevention services
- ▶ HIV specialty care
- ▶ Help with health insurance coverage

What to Bring to Your First Appointment

When you come see us for the first time, make sure you bring:

- Your insurance information, or your Medi-Cal or Medicare card. If you do not have insurance we can help you find a plan that fits your needs.
- A copy of your living will/advance health care directive, if you have one
- A list of your current medications, with doses, if known. Please bring the medicine bottles or containers with you if you can.
- Proof of income (pay stub, tax return, etc.)
- Proof of address
