

Educational Workshops

- CORE Center Educational workshops are for community members only, non-professional/non-licensed staff (Workshop lists provided below).
- Workshops may range from 1 hour to 1 ½ hours.
- We can do small, intimate group settings with youth and adults, which will provide us with ample room and ability to get to know our participants and provide the best presentation and resources as possible. We encourage voluntary attendance for all attendees.
- We provide naloxone free of charge to individuals who have been assessed and need naloxone. Note we cannot provide Narcan to professional staff for any organization.
- We can host a resource table to provide resources, short activities, and 1:1 Q&A about substance use.

Adult Workshops

1. Substance Use in Your Community
2. Recognizing and Responding to an Overdose with Naloxone
3. Understanding the Connection Between SUD and Mental Health
